Read Me File

This README guide is designed to assist you in navigating the diverse functionalities available on our platform, tailored for employees, farmers, and workshop participants. Here, you will find systematic instructions to efficiently utilize the website, ensuring a seamless experience.

Opening the Project

Visit the Homepage: Simply type our website's URL into your browser's address bar to start exploring the project.

Registration

For New Employees:

1. Locate the Registration Option: Click on the "Register" button visible on the homepage.

2. Fill out the Registration Form: Enter required details such as your Email, and password.

3. Submit Your Registration: Click on "Register" button to finalize the creation of your account.

Login Process

1. Access the Login Page: Click on the "Login" link or button.

2. Enter Your Credentials: Input the email and password you used at registration.

3. Access Your Account: Click "Login" to proceed to your account dashboard.

Navigating the Interface

Home Page

Overview: The home page acts as the central hub once you are logged in, welcoming users and directing them to various sections of the site.

 Employee Page

Managing Farmer Profiles

1. Navigate to Employee Functions: Select "Employees" from the main menu.

2. Add a New Farmer Profile:

   - Click "Add New Profile."

   - Complete the form with the farmer's information.

   - Click "Create" to save the profile in the system.

3. Handle Existing Farmer Profiles:

   - View, edit, or delete profiles through options provided next to each entry.

4. Examine Products Added by Farmers:

   - Select "View Farmers Products" to review product listings.

5. Filter Products:

   - Use the "Filter" option to search for products by categories.

6. Return to the Main Product List:

   - Click "Back to list" to return to the full product listings.

Farmer Page

Adding and Managing Products

1. Access Farmer-Specific Options: Click on "Farmer" in the main menu.

2. Add New Products:

   - Select "Add Products."

   - Provide details about the product in the form provided.

   - Click "Create" to add the product to the database.

3. Manage Products:

   - Newly added products will appear with options to edit, delete, and details.

Workshop Page

Overview of Workshops: This section provides detailed information about upcoming agricultural workshops, including descriptions.

NB: Please note that registration is mandatory; without being registered and logged in, you will not have access to any functionalities on the website, whether as a farmer or an employee.

By following these instructions, you should be able to navigate and utilize the platform's features effectively. This includes managing farmer profiles, adding products as a farmer, or exploring agricultural workshops. This guide is designed to enhance your interaction with our platform, improving your overall experience.
